EDUCATION

Southeastern Louisiana University, Hammond, LA | Bachelor of Science in *Information Technology*, Graduated December 2025

Relevant Courses: Software Engineering, Human-Computer Interaction, Information Systems

SKILLS

Languages & Frameworks: HTML, CSS, JavaScript, Typescript, React

Design Tools: Figma, Photoshop, Canva

Developer Tools: Git, VS Code, Kdenlive

Other Skills: UI/UX Design, Logo Design, Responsive Design, Team Leadership, Communication, Video Editing

PROJECT EXPERIENCE

Smart Advisor - Book & Movie Recommendations | *Human Computer Interaction* | August 2024 – June 2025

- Designed user-centered interfaces and implemented a responsive front-end based on usability principles and accessibility considerations
- Designed user flow and interactive questionnaire system to improve personalization and user engagement
- Integrated OpenAI, TMDB, and Google Books APIs to dynamically generate AI-driven suggestions.
- Presented at ULS Academic Summit 2025

Pao'er Ship - Raspberry Pi Battleship Game | *Computer Architecture* | Jan 2025 – May 2025

- Implemented full player-vs-player gameplay system with turn transitions, preventing opponent screen viewing.
- Created interactive ship placement interface with rotation mechanics and validation checks.
- Designed a customizable game timer with visual warnings to maintain gameplay flow.

Lion's Den Cinema - Cinema Application | *Information Systems* | Jan 2025 – May 2025

- Designed user flows, wireframes, and high-fidelity prototypes in Figma for mobile and web platforms
- Developed responsive React/TypeScript frontend with dark mode toggle, user authentication, and interactive seat selection.
- Created reusable components including movie carousels, interactive seat maps, and QR code ticket generation.

Rate Mates - Community Media Review Site | *Course: Software Engineering* | Jan 2023 – May 2023

- Designed the project logo and contributed to the UI/UX layout for consistent branding
- Led team coordination and ensured timely delivery of design assets.
- Assisted with front-end implementation using React and established consistent design system.

OTHER EXPERIENCE

Personal Care Assistant – #1 in Home Care | June 2025 – Present

- Providing day-to-day support.
- Maintaining clear communication, professionalism, and trust in a high-responsibility role.
- Managing work responsibilities alongside full-time coursework.
