EDUCATION

Southeastern Louisiana University, Hammond, LA | Bachelor of Science in *Information Technology*,
Graduated December 2025

Relevant Courses: Software Engineering, Human-Computer Interaction, Information Systems

SKILLS

Languages & Frameworks: HTML, CSS, JavaScript, React

Design Tools: Figma, Photoshop, Canva

Developer Tools: Git, VS Code, Kdenlive

Other Skills: UI/UX Design, Logo Design, Responsive Design, Team Leadership, Communication, Video Editing

PROJECT EXPERIENCE

Smart Advisor - Book & Movie Recommendations | *Human Computer Interaction* | August 2024 – June 2025

- Designed and implemented a responsive front-end with HTML, CSS, and JavaScript featuring dark/light mode toggle and personalized user interfaces
- Created interactive questionnaire system that dynamically generates and processes user responses for tailored suggestions
- Integrated OpenAI, TMDB, and Google Books APIs to dynamically generate AI-driven suggestions.

Pao'er Ship - Raspberry Pi Battleship Game | *Computer Architecture* | Jan 2025 – May 2025

- Implemented full player-vs-player gameplay system with turn transitions, preventing opponent screen viewing.
- Created interactive ship placement interface with rotation mechanics and validation checks.
- Designed a customizable game timer with visual warnings to maintain gameplay flow.

Lion's Den Cinema - Cinema Application | *Information Systems* | Jan 2025 – May 2025

- Designed comprehensive UI mockups in Figma for all pages across mobile and web platforms, ensuring consistent user experience..
- Developed responsive React/TypeScript frontend with dark mode toggle, user authentication, and interactive seat selection.
- Created reusable components including movie carousels, interactive seat maps, and QR code ticket generation.

Rate Mates - Community Media Review Site | *Course: Software Engineering* | Jan 2023 – May 2023

- Designed the project logo and contributed to the UI/UX layout for consistent branding
- Led team coordination and ensured timely delivery of design assets
- Assisted with front-end implementation using React and established consistent design system

OTHER EXPERIENCE

Caregiver – Private Client | June 2025 – Present

- Provided dependable day-to-day support while balancing a full academic load
- Maintained clear communication, professionalism, and trust in a high-responsibility role
- Managed work responsibilities alongside full-time coursework

RECOMMENDATIONS

“Vladimir has a refined eye for UI/UX and a strong understanding of the design-to-development pipeline. His ability to bridge creative design and functional front-end requirements makes him a great fit for an agency environment.”

— Professor Alkadi, Computer Science (CMPS 285, 383, 411)
